

CODE:723.225.016

22,5x45mm Current Protection with Switch  
Technical Details

### TECHNICAL DETAILS

Current rating:	16A
Input voltage rating:	125/250VAC; 32VDC
Insulation co-ordination	2.5kV
Rated impulse withstand voltage	
Typical life( operations at 200% overload):	1000 operations
Dielectric Strength:	> 1.500VAC/min.
Insulation Resistance:	>100MOHM (DC 500V)
Degree of protection	IP00 / IP40
Operating Ambient Temperature	-10°C to + 60°C
